

THE LAW OF ASSOCIATION

You become like those with whom you spend time with when you begin to act on your dream, it will stir up both those who want to help you and those who want to hinder you.

¡You should choose friendships who are going in the same direction you are and want to obtain the same things you do, so you can reinforce one another... in light of this question as yourself these three questions.

¡First, “with whom am I spending time?” Who are your closest friends; who are the people you are confiding in?

¡Second, “what are these people doing to me?” in other words what do they have you listening to, reading, thinking or doing? Where do they have you going? What do they have you saying? How do they have you feeling? What do they have you settling for? Most NB what is being around these people causing you to become?

¡Proverbs 13:20 says, He who walks with wise men will be wise, But the companion of fools will be destroyed.

If you want to be a success don’t keep company with those who are not going anywhere in life.

§Third, ask yourself, “is what other people are doing to me a good thing in relation to my vision?” when you tell people about where you are going or what you are going to do they may even begin to say things to try to hinder your dreams

You need to answer these questions regularly and truthfully.
