

FROM 50 MILLION TO TO 500 MILLION

Mark Wenning, a faculty member at Joseph Business School, has a remarkable testimony of faith and transformation. Despite facing financial struggles and personal turmoil, Mark's life took a dramatic turn when he and his wife committed to honouring God with their finances and their lives.

Through their obedience and faithfulness, Mark experienced unprecedented success in his career as a financial planner, eventually becoming a shareholder in a thriving business. His journey from struggle to abundance is a testament to the principle that "we reap whatever we sow" – as Mark made happen for others, God made happen for him. This profound truth fueled Mark's success and serves as a reminder of God's faithfulness to those who trust in Him.
